

### **Community Supported Agriculture Program Rules and Conditions:**

I understand that if I participate in the CSA program promoted by Grande that Grande Cheese will pay the entire cost of my share upfront to the participating farm. At the start of the season in June deductions will begin from my paychecks to pay back the cost of the share over 10 pay periods.

I understand that if for whatever reason I am no longer an Associate of Grande Cheese, the remaining amount of my CSA purchase will be deducted from my final paycheck and I will continue to be responsible for my CSA share. If my share is currently being delivered to a Grande facility, I understand I will need to make arrangements with the farm to have my share delivered to one of their other designated locations for pick-up.

I understand that when purchasing a CSA share that I am sharing the risk of farming with the farmer and my fellow CSA members. I acknowledge that I am not eligible for a refund or discount once I sign up. I acknowledge that due to weather, nature, and/or other production factors, the variety and quantity of produce I receive may vary from what is expected. I also acknowledge that purchasing a CSA share is on a first come first serve basis and that I am not guaranteed a share as farms have a limited number they can support. If you do not receive a CSA share due to the farm being filled to capacity, you will not be required to pay for the share.
